## GENERAL INFORMATION

**TTP SDS ZENTRO PLUS DRILL** is the latest generation professional hammer drill bit designed for extreme applications.

4 symmetrical cutting edges are fully integrated with the body of the drill bit and can drill up to 50% more holes with optimal guiding in the drilled hole.

The unique geometry of the reinforced spiral core transfers more hammering force directly onto the carbide edge without excessive vibrations, making work more comfortable and extending the life of the drilling machines.

**TTP SDS ZENTRO PLUS DRILL**

## USAGE

reinforced concrete, hard construction materials, natural stone
