

**POWER PRO CLEAN**
**PRC**

**GENERAL INFORMATION**

**POWER PRO CLEAN** is a fast acting and effective solvent-remover. **POWER PRO CLEAN** is used for the removal of soiling, e.g.: leftovers of adhesives, lubricants, sealants, silicones, tars, oils, waxes, etc. It may be used safely on the majority of materials, e.g.: rubber, plastics, metals, glass, Plexiglas, natural and synthetic fabrics. Does not damage paints or varnishes. It is always recommended to test it in order to determine the product's suitability for intended use.

**TECHNICAL DATA**

Boiling point: 130–166°C  
 Vapour pressure at 20°C, Pa: 853,000  
 Density at 20°C: 0.764 g/cm<sup>3</sup>  
 Form at 20°C: colourless liquid  
 Flash point: > 24°C  
 Self-ignition temperature: > 200°C  
 Water solubility: insoluble  
 Odour: distinctive  
 Dynamic viscosity, mPa.s/20°C: 1  
 Kinematic viscosity, mm<sup>2</sup>/s/20°C: 1  
 Volatile organic compounds, %: 100  
 Volatile organic compounds, g/l: 710

**USAGE**
**AUTOMOTIVE INDUSTRY**

Degreasing, cleaning the mechanical parts of engine components, joints, brakes, suspension, ropes, metal surfaces after shot blasting, machining, etc. Removal of stickers and leftovers of masking tapes. Removal of old lubricant coatings before re-painting, e.g. in door hinges. Removal of decorative bands and strips. **POWER PRO CLEAN** dissolves the adhesive layer of double-sided self-adhesive tape. Removal of tar and other stains from coating substances — both from the car body, as well as plastic parts. Removal of lubricant and oil stains from seat coverings (stability of colour always needs to be verified beforehand). **POWER PRO CLEAN** removes wax and silicone (always repeat wiping). Degreasing and cleaning of all surfaces before usage of stickers and TTP sealant masses.

**INDUSTRY:**

Degreasing and cleaning of mechanical components, engines and machines. Degreasing and cleaning of tools and workshop equipment. Cleaning of rubber rolls in printers. Fast and safe degreasing of ferrous and non-ferrous metals before adhesive bonding, painting, removal of stickers, labels and remains of adhesives. Removal of oil and lubricant stains from textiles (stability of material colour always needs to be verified beforehand). Removal of remains of laminate adhesives during kitchen furniture manufacture. Removal of remains of lubricants and oils after lubrication.

**CLASSIFICATION**

Kod artykułu	Nazwa	Opakowanie	Rodzaj
PRC1	power PRO CLEAN	pojemnik 1l	Zmywacze, odtłuszczacz
PRC25	power PRO CLEAN	pojemnik 25l	Zmywacze, odtłuszczacz

**CAUTION**
