

PRO CLEAN-IT

CLT

GENERAL INFORMATION

PRO CLEAN-IT is a concentrate of non-ionic surfactants based on fatty alcohols, anionic surfactants, penetrating and moisturizing substances, that perfectly dissolve the molecular structures of dirt, greasy remains and deposits, the remains of adhesives, lubricants, etc., without damaging the cleaned surfaces. Through capillary penetration, the dirt is removed and emulsified, and then is completely rinsed from the surface. **PRO CLEAN-IT** is fully biodegradable, does not contain water pollutants and is inflammable. **PRO CLEAN-IT** contains strong corrosion inhibitors, which eliminate the threat of corrosion on iron surfaces, contrary to other waterborne removers that often exacerbate this threat.

TECHNICAL DATA

Chemical content: stabilized mixture of biodegradable, capillary active, penetrative substances with oxidised solvents and modified alkalies, without pure caustic agents.
 Combustibility — incombustible.
 Odour — fresh.
 Colour — colourless liquid.
 pH — 12.7.
 Toxicity — non-toxic in standard usage.

USAGE

PRO CLEAN-IT may be used on all types of surfaces, e.g.: plastics, fabrics, vinyl, canvas, laminates, paints, metal, wood, aluminium, stone, concrete, polyester, Plexiglas, rubber, etc. Removes many types of soiling: oils, lubricants, tarry substances, nicotine traces, Diesel fuel, dead insects, abrasive paper dust, shoe polish marks, pencil marks.

CLASSIFICATION

Article code	Name	Packaging	Type
CLT	PRO CLEAN-IT	container 1 l	removers, degreasers
CLT25	PRO CLEAN-IT	container 25 l	removers, degreasers
