GENERAL INFORMATION

PRO ELECTRO CLEAN is a very effective degreaser/remover dedicated to the electrical and electronic industry. Thanks to its special and unique formula, **PRO ELECTRO CLEAN** removes oils, lubricants, silicones, greases, waxes, colophony remains, oxide deposits, dust and other soiling, leaving surfaces clean and dry. **PRO ELECTRO CLEAN** is safe for plastics, paints, varnishes and the protective layer of printed circuit boards. Thanks to a special brush, **PRO ELECTRO CLEAN** is even more effective in cleaning and degreasing.

TECHNICAL DATA

Form (at 20°C): colourless liquid.
 Flash point °C: < -10
 Specific gravity: (at 20°C), g/cm³: 1.039
 Water solubility: moderately soluble.
 Boiling point °C: 58–170

USAGE

PRO ELECTRO CLEAN is used for cleaning electric contacts, relays, switches, breakers, clamps, printed circuit boards, electronic ignitions, transformers, electric motors.

PRO ELECTRO CLEAN may be used for cleaning commercial devices, both in the office and at home, e.g. calculators, cash registers, printers, computers, TVs, radios, phones, antennas, CDs and DVDs.

PRO ELECTRO CLEAN also performs superbly as a degreaser used before adhesive bonding, painting, lubrication (removes old lubricants perfectly). Additionally, it is effective in degreasing brake disks.

Application method:

Turn off electric power supply. If needed, leave the device to cool off. Shake before use and spray **PRO ELECTRO CLEAN** onto treated surface.

Clean with a soft cloth and with the use of the brush included. Before switching on the cleaned device back on, wait for the product to vaporize completely.
